# Blooming Summer Serenity

Summer is one of our favourite parts of the year. If you, like us, are a garden person the wait and the anticipation throughout the spring months with all the fiddling around the small sprigs, fills one with gratitude and excitement and then, all the sudden, it all comes to life. The sunshine, the warmth on our cheeks, the pink, lavender and white flowers that greets us in our gardens, it all brings an utter summer serenity.

Christine welcomes you to a palette of summer colours through new turban models and fashionable print designs. Look out for the new twist on your beloved HocYoga turban, now available with a sophisticated soft brim and a UPF 50+ protection. And of course, you must have a look at the new silk collection too, the vibrant prints and mix & match options are just stunning.

The boheme vibe is kicking off the spring and summer mood with pastel colours and chic oriental prints. Among these the wonderful HocJuvela is a seasonal must-have with two new prints to choose from.

Coolness and well yes, more coolness that's exactly what the new Viva look is all about. The new entries in this small, yet remarkable collection, are the perfect wear for the spring/summer months.

Is headwear new to you, and are you wondering where to start? We know it can be difficult to take the first step into your new hair loss journey. Know that you are not alone in this, and rest assured that we, along with our many kind and helpful retailers, are here to help and guide you in finding the right headwear look.

With this we welcome you to our headwear universe, dear friend of Christine. We hope to inspire you to find just the right seasonal models and to give you the courage to face your everyday life with your new and beautiful turban silhouette.

# Bamboo Collection

CHRISTINE HEADWEAR

The bamboo-viscose products from Christine Headwear are made in the unique and functional Caretech® Bamboo quality.

Bamboo-viscose fabric has many fantastic features and the soft and comfortable quality is actually used to form the largest part of the Christine Headwear product range.

The Caretech® Bamboo is supremely soft, silky and luxurious to the touch.

It is breathable and thermo-regulating so you remain comfortable and dry during both summer and winter temperatures. The fabric is more moisture absorbent than cotton and quickly removes the moisture from the skin and releases it.

Further, the special Caretech® Bamboo products are extremely gentle to wear and highly suitable to use against sensitive skin.

# Nouli Wigliner

CHRISTINE HEADWEAR

The Nouli Wigliner is a small hat with a perfect fit, which can be worn under a wig or your headwear for further protection. This must-have accessory keeps you cool in the heat and helps you stay warm when it is cold due to the functional Caretech® Bamboo fibres.

To add even further comfort this seamless wigliner has received an Aloe Vera treatment, which is known to have a soothing and relaxing effect on the skin.

# B.B. Belinda Wigliner

CHRISTINE HEADWEAR

A comfortable and practical wigliner with 37.5® Technology, which will leave your sensitive scalp feeling cool and refreshed underneath your choice of head covering.

The B.B. Wigliner has a slim silicone band to ensure a secure fit and is made with a soft, see-through mesh piece down the front. This, so you can wear your wig without having to worry about the liner being visible underneath.

# Soft Lift Hat

CHRISTINE HEADWEAR

The Soft Lift Hat from Christine Headwear is a revolutionary design protected headwear piece, which will provide the perfect fit and lift under your wigs and headwear.

A small hat that will make a big difference to the look and feel of your head coverings, as it gently lifts and adds a fine, natural volume to the back of the head.

The soft, breathable and light 37.5® fabric material will ensure you stay comfortable as it helps the covered area maintain an optimal 37.5-degree temperature - regardless of how you choose to cover it.

To make this clever little lift, a light mesh pad has been inserted under a soft top layer. This will add a beautiful rounded shape to the back of your head whilst leaving you comfortable, feeling nothing but carefully and gently protected.

The results are nothing but fantastic and you'll find your headwear and wigs will get a brand new, fine and elegant look to it.

Only the best is good enough

The Christine Headwear products are CE and UKCA labelled, which means they classify as medical devices according to the EU Directive (MDR 2017/745) and UK Medical Device Regulations 2002 (as amended) concerning medical devices.

The CE and UKCA marks are your guarantee that the marked products are compliant with the required legislations regarding medical equipment and garments, and therefore are appropriate and safe to use and wear.

The Christine Headwear bamboo-viscose, Supima cotton, linen and Body Balance products are Standard 100 by Oeko-Tex certified.

The Oeko-Tex certification is your assurance that the headwear product does not contain or give off any harmful substances.

37.5® TECHNOLOGY

Comfort in clothing is dictated by our temperature and the humidity next to our skin, known as our microclimate. When our microclimate balances at 37.5% relative humidity and our core temperature balances at 37.5 degrees, we are in the optimal comfort zone.

37.5® Technology headwear and clothing helps control the core temperature by accelerating the movement of moisture vapour before it can turn to liquid sweat.

If we get warm and damp, the 37.5® products will dry faster – up to 5 times faster than a similar product without 37.5® Technology. And, when moisture is removed from our headwear and clothing, we stay warmer when it's cold and cooler when it's warm.

The active particles used in 37.5® are derived from natural sources such as coconut shells and volcanic minerals. A combination of these special sources and the product features makes this a rather unique and intelligent headwear and clothing line.

Find further information about product care and safety on our website.

The Christine Headwear bamboo and Supima fabrics are all labeled with a Caretech® tag.

Caretech® is your assurance that the headwear made from these specific fabrics are not only CE and Standard 100 by Oeko-Tex certified, but also developed and produced especially for the Christine Headwear collections. Caretech® because we believe in providing a high quality, exclusive and conscious headwear collection, for the beautiful you.

We recommend handwashing your new headwear and laying it flat to dry. Do not tumble dry.
